Nestled in one of the nation's most magical and historical areas, the Eastern Shore of Maryland, Salisbury State College effectively combines the relaxed yet personable nature of a small college education with the rigorous academic demands of a major university.

A growing, diverse institution offering programs in the liberal arts and the professions, Salisbury State College is committed to creating the atmosphere which stimulates the greatest growth in each individual. It's our mission to educate our students to be well-rounded academically as well as capable and anxious to make worthwhile contributions to our society. Our undergraduate enrollment of 3,600 full-time students represents 20 states and 24 foreign countries. We attract students from throughout Maryland and from all its neighboring states including Delaware, Virginia, Pennsylvania and nearby New Jersey and New York.

The College offers 30 undergraduate majors at our five schools, the Franklin P. Perdue School of Business, the School of Science, the School of Professional Studies, the School of Liberal Arts and the School of Nursing and Health Sciences. Students are spread fairly evenly among the Schools, with Liberal Arts attracting the most at 29 percent.

The College offers graduate programs leading to the Master of Arts in English, History and Psychology, the Master of Education, the Master of Science in Nursing and the Master of Business Administration.

The College's faculty has impressive credentials. Over 65 percent of the 187 full-time faculty hold doctoral degrees in their field, and their degrees represent more than 200 colleges and universities.

A faculty/student ratio of 17:1 offers students the opportunity to interact with professors both in and beyond the classroom. In addition, each student is assigned a faculty advisor to help develop his or her academic and career goals.

As a group, the Salisbury State College faculty is an academic body of the highest order, both in knowledge of their field of study and in quality of their credentials. Each is dedicated to working primarily in a teaching role rather than one of individual research and publication.

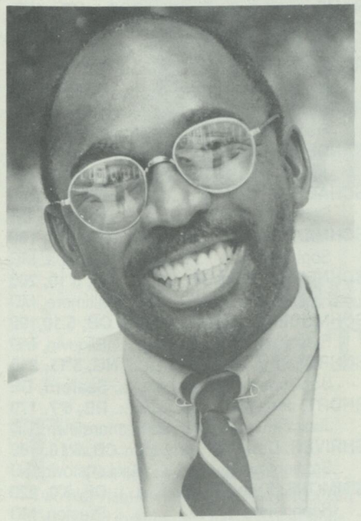
Salisbury State College–A Place Apart

Dr. William Lide Directs P.E., Athletics



Dr. William Lide is the new chairman of Physical Education, Intramurals and Athletics at Salisbury State College this fall. Dr. Lide comes to Salisbury after stops at The Ohio State University, Johnson C. Smith University and Winston-Salem State University.

Dr. Lide received his Bachelor of Science degree from Johnson C. Smith and a Master of Education from the University of North Carolina at Charlotte. At Ohio State, along with earning his Ph.D. in Physical Education, Dr. Lide was an academic counselor and instructor.

From 1980-1984, Dr. Lide was chairman of the Department of Health and Physical Education at Johnson C. Smith where he coached the football and tennis teams for two years. Since 1984, Dr. Lide had been at Winston-Salem. There he was chairman of the Department of Physical Education.

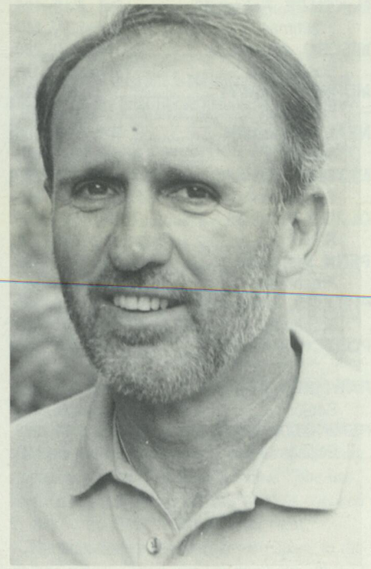
At Winston-Salem, he was in charge of the administration of the curriculum and personnel and program planning. He also headed the intramural and recreational sports departments, as well as being facility manager.

He also was behind many classroom improvements at the school, including adding two new degree programs, Theraputic Recreation and Sports Management, as well as increasing the full-time faculty by one-third in two years. During those two years, the grade point averages of the students also increased.

"We need to study and know exactly where the Physical Education and Athletic programs are now," said Lide, "and to formulate a plan which would continue to build the athletic program in conjunction with the academic plan."

Morrison, Burroughs to Assist P.E. Administration

MARIUNA MORRISON



DEAN BURROUGHS

Mariuna Morrison is the new associate chairman of the Department of Physical Education at Salisbury State College. She had coached the women's basketball team at the school for 21 seasons before stepping down in 1982. Last year she was acting chairman of the department and kept "our program going in a positive direction," said Athletic Director Dr. William Lide. "Mariuna has been an exemplary educator for many years. Her positive experiences and performance in the educational area were certainly major considerations in her appointment.

Dean Burroughs, who is on sabbatical this fall, is the new Associate Director of Athletics, and will begin serving on January 3. Burroughs has been at Salisbury State College since 1973. He has coached the men's tennis team since his arrival, and often doubled as the women's tennis coach. According to Dr. Lide, "His performance while serving as acting Director of Athletics last year was a major consideration in his selection to the Associate Director post."

Improving On Perfection: The Tale of 3 Student-Athletes

They came here from three different places on the map.

They are two women and a man.

Two play field hockey and one plays football.

Two intend to go into the medical field while one is majoring in Geography.

Yet, while they all differ so greatly, they are all so very similar.

Senior Terri Buysse and junior Jill Stewart play on Salisbury State's field hockey team, which, during this season, is the defending National Champion in Division III. Chris Snyder is a linebacker on the Sea Gull football team that went to the National Championship game, the Amos Alonzo Stagg Bowl, last year.

Aside from being standouts on their team, all three, after memorable 1986 seasons, are playing for new head coaches during 1987. However, for Stewart and Buysse, there is not as much of a difference in the coaching as there is for Snyder. Dawn Chamberlain, who was a field hockey assistant at Salisbury last year, is the head mentor of the Gulls this year.

"She knows us and knows what we can do," said Stewart, in reference to Chamberlain. "There is not much of a difference in the two systems," added Buysse. However, where Dr. Joe Dailey, the new head coach of the football team is coming in brand new, Snyder sees a lot of changes. "For the upper classmen, it may be a little tougher," said Snyder. "We had gotten used to a set pattern (under coach McGlinchey)."

But, none of the three have let the changeover get in the way of their performances. Stewart, a forward from Woodbury, NJ, started off 1987, where she left off in 1986. After tallying 13 goals as a sophomore, she came out and scored all three SSC goals in the season-opener, a 3-1 win over Catholic. Buysse has continued to be an inspirational and always hustling leader, and scored an insurance goal in a 2-0 triumph over Mount St. Mary's last Sunday. Snyder, who missed the first game due to illness, came in and played super defense, and was involved in five tackles in last week's loss to Ferrum.

While each of them has a similar common bond on the playing field, they also share similar feelings when it comes to academics at Salisbury State.

Buysse, a midfielder from Rockville, is a Geography major. She has a 3.4 grade point average and received an academic scholarship to attend SSC.

Stewart is a Nursing major with a "B" average. At the present time she is taking only two classes. However, they total 14 credits; one of the classes is 10 credits.

Snyder is from Potomac. He is actually double majoring in Pre-Med and Physical Education and would like to eventually go into nuclear medicine. He is sporting a 3.0 grade-point average, 3.6 in Physical Education.

All three seem to have benefited from the small class size at Salisbury.

"In the Nursing program, you have the same people in most of your classes," said Stewart.

Buysse agrees with Stewart and adds that "the Geography program is small and that leads to a lot of individual attention."

Snyder "likes the personal help. All of the teachers want to give help." Snyder specifically singled out trainer DeAnne Koehler. "She has inspired me and as my advisor she has checked to make sure that everything is all right."

The attention of the teacher also spans to the athletic fields. "They (the teachers) are always wondering how we did, and are always interested." said Buysse.

Stewart explains that "they are always willing to give you special time to meet with them, if they know that you play a sport."

The support also goes out to the other teams.

"Sports support sports," said Buysse and Stewart.

"All of the teams support each other and we are all friends," said Snyder. "If there is a soccer game or a field hockey game going on, and we are not at practice or a game, then we'll go out and watch. I have never seen fan support like there was last fall at Ithaca (for the playoff game against Ithaca). We probably had as many, if not more fans as they did."

The playoffs. Each player had an integral part in his or her team's quest for gold. And, while the field hockey team reached the end of the rainbow, and the football team finished only one game short, each player had a chance to reflect.

"It was a dream come true to play against Augustana," said Snyder. "I was sad because we lost, but happy, because along with field hockey, we helped put Salisbury on the athletic map."

Speaking of her first reaction after Salisbury beat Bloomsburg, 3-2, for the National Championship, Stewart said "it is something that you just can't explain. It was something you never thought would actually happen," while Buysse added "it was total relief. It was something you just dreamed about."

When asked about their ultimate goal in life, Buysse and Stewart came up with similar answers. That was "to do the best I can at whatever I am doing. There is always room for more improvement. You can always do better."

It will be difficult to improve on near perfection. However, if anybody can, look for Terri Buysse, Chris Snyder and Jill Stewart to be the ones.

TODAY'S GAME

This afternoon's game showcases the Bobcats from Frostburg State (1-1) visiting Sea Gull Stadium to take on the Salisbury State Sea Gulls (1-1).

History of the Series

The Sea Gulls hold an 11-3 advantage over the Bobcats since the first meeting in 1973. Last year it was Mike Coppa who tamed the Cats, picking up 173 yards on the ground and running for touchdowns of 11, one, one and five yards, leading the Gulls to a 48-9 thrashing of the Cats. Bill Short also ran for 90 yards, while Kevin White completed eight of his 13 passes for 83 yards. Salisbury out-gained Frostburg on the ground by almost 300 yards, 351-66.

Last Time Out

Frostburg easily handled Wesely College by a score of 37-0. The Gulls were not as fortunate, however, as Ferrum College came in and ruined Salisbury's home-opener with a 15-14 come from behind victory. Frank Oliver scored both touchdowns for Salisbury on a pair of two-yard runs, while Mike Coppa had another 90-yard day, picking up 91 yards on 19 carries. Mike Burton was in on 10 tackles, while the defense came up with five turnovers.

The Coaches

Dennis Riccio (Illinois State-1968) is in his first season as a head coach. The Frostburg mentor was the defensive coordinator at Augustana since 1979 and was there for all four National titles. Dr. Joseph Dailey brings a 1-1 slate in to today's game as Salisbury's head coach.

Injuries

Frostburg comes in to the contest minus two of their starters, probably for the rest of the season. Quarterback Scott McElfish went down with a broken jaw against Glassboro and fullback Steve Miller dislocated his elbow against Wesley. For the Gulls, split end Andy Herbert sat out Saturday's game, but linebacker Chris Snyder, after missing the opener, was back.

Statistics

Shevin Kuperman is the leading ball-carrier for the Bobcats, gaining 147 yards on 22 carries for a 6.7 average with two scores. Ron Bosley has 52 yards on eight carries. The Gulls' ground game is led by Coppa with 184 yards on 41 carries and Oliver with 112 yards on 35 carries and three TDs. Through the air, McElfish went down with 10 for 25. His replacemnt Dale Piper, is 3 for 7 for 65 yards and two scores. His counterpart, White, is 12 of 32 for 149 yards, and has thrown one interception.

The Gulls saw a 12-game home winning streak and a 20-game regular season streak both come to an end on Saturday. The Gulls held the ball for almost 10 minutes more than their opponents for the second straight game. Bill Schmidt did the punting on Saturday and came away with a 33.3 average. Bill Maurer extended his consecutive point after touchdown streak to 34 and Salisbury extended their game-scoring streak to 49.

Next Game

Next week the Bobcats travel to Erie, PA for a game at Mercyhurst, while the Sea Gulls wrap up their three-game homestand against UDC at 1:30.

Dr. Joseph Dailey Guides Football Fortunes

Dr. Joseph M. Dailey is the new football coach at Salisbury State College. He comes to Salisbury following a 19-year tenure at Williams College in Massachusetts, where he was the head coach of the wrestling team and the assistant coach of the football team. He was also an assistant professor of Physical Education at the school.

Dr. Dailey received his B.S. in Physical Education from Ithaca College in 1960 and his M.S. in Physical Education from Ithaca in 1961. In 1972 he received his M.S. in Education Administration from North Adams State College (MA) and his Ph.D. in Physical Education in 1986 from the University of New Mexico.

Along with coaching at Williams, Dr. Dailey was head football and head wrestling coach at Smithtown High School in St. James, NY from 1961-1966 and at Colonie High School in Albany, NY from 1966-1968. In 1979 he taught Physical Education at the Navajo Indian Reservation in Window Rock, AZ and was an assistant football coach and graduate assistant at the University of New Mexico in 1983.

"Dr. Dailey's expertise and success in football will serve the institution well as we move forward in maintaining our very excellent varsity athletic program," said vice president of Academic Affairs Dr. K. Nelson Butler. "He believes in excellence on the playing field as well as in the classroom."

Dr. Dailey's goals for this year are "to improve the defense and try to maintain the offense from last year. You always try to improve and strive for excellence on both sides of the ball."

Campus Recreation: A Program for Everyone

The Campus Rec program is designed for the purpose of providing the entire College community with the opportunity to participate in a variety of formal and informal activities. These activities encompass team sports, individual and dual sports, outing activities and competitive and noncompetitive activities. In addition to the obvious benefit of physical fitness, it is hoped that participants will also obtain from this program improved skills, new and lifelong friends, some self-satisfaction and enjoyment, lifelong leisure time skills, and social and ethical qualities (cooperation, trust, regard for others, etc.). It is felt that these objectives are consistent with the College's educational mission.

A high level of skill is not a prerequisite to participate in any activity offered by this office. Therefore, all eligible students, staff and faculty members are urged to take part in as many activities as time and interest might permit.

CAMPUS RECREATION STAFF

Mr. Grady Armstrong is the director of the campus recreation program. The assistant director is Mr. Wayne Gorrow. Also affiliated with the program is Ms. R.G. Barretta, aquatic director. Their offices are located in the Maggs Physical Activities Center. For further information, call 543-6350.

EMPLOYMENT OPPORTUNITIES

Many opportunities exist for students to work in paid positions within the Campus Recreation office. Lifeguards, sport supervisors, sport officials and laborers are employed. Hourly wages range from $3.35 - $5.00 per hour depending on scores from rules exams, tryouts, tests and years of experience.

Although experience is not mandatory, it is helpful. Prior to employment the staff will conduct mandatory training sessions which discuss policy, rules, exams, and performance expectations. Work Study and hourly wage positions are available.

ELIGIBILITY

All SSC full-time undergraduate students may take part in any of the activities offered by this office. Part-time and graduate students may participate only after paying the required fees at the Cashier's Office. We welcome and encourage faculty and staff participation in any of our activities.

CLUB SPORTS

As part of the Campus Recreation program, club sports are designed to provide the College community with the opportunity to participate in activities of special interest. Persons with a special interest in an activity not offered by the Athletic Department are encouraged to contract this office for guidelines for club authorization.

Anyone interested in joining the clubs already established on campus may contact the director of Campus Recreation at 543-6351 or the club's advisor. The clubs established through this office are: Bowling, Rugby (Women's and Men's), Women's Exercise, Martial Arts, Outdoor Club, Women's Soccer, Scuba and Racquetball.

CLUB SPORTS COUNCIL

This is an advisory board for the club sports program. It is comprised of SSC students, staff and representatives from each club sport. The council serves as a board for disciplinary action.
